

## FireIce Educator Product Suite

### FireIce 25 lb Bucket

\$225.00

SKU: FI-25B

FireIce breaks the fire triangle by suffocating the oxygen from the fuel by cooling the heat source, thus breaking the thermal barriers of fire. This prevents rekindles, which reduces property damage and increases firefighter safety.

Conveniently packaged for storage on the truck.

"Water only" required to convert 250 gallons of water into 250 gallons of fire-fighting gel which has the ability of turning 1 piece of apparatus into 5.

Will last over 5 years in dry storage.
