Firelce Shield—Law Enforcement

SKU: FI-SC-2LB

Firelce Shield is the ultimate defense for surfaces affected by heat-related damage and blocking heat transfer. Designed specifically for law enforcement, Shield protects adjacent surfaces while soldering, welding, and brazing while also reducing the risk of accidental charring, burning, or igniting flammable materials up to 10,000 degrees. Its versatility makes it perfect for use in plumbing, the automotive industry, and installing HVAC valves and it's 2L size makes it the ideal tool to keep in the cruiser, command car or the cab of the engine.

Firelce Shield—Stainless

SKU: FI-SC-2L

The power of the Firelce Shield in stainless. Same versatility, same convenience, same ultimate defense for surfaces affected by heat-related damage and for blocking heat transfer. Delivering a powerful punch in a compact package, this 2L canister is easy to handle and its size makes it readily accessible.

Firelce Shield—Refill (64oz)

SKU: FI-SC-2LBR

Precisely measured to provide you with efficient, effective Shield protection for the Firelce Shield 2L canister. Simply refill the spent canister, pressurize in accordance with the manufacturer's instructions, and you're set to go.

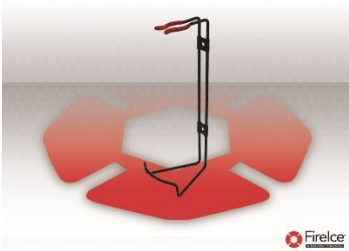

FireIce Shield—Refill (64oz)

Precisely measured to provide you with efficient, effective Shield protection for the FireIce Shield 2L canister. Simply refill the spent canister, pressurize in accordance with the manufacturer’s instructions, and you’re set to go.

FireIce Shield Mounting Bracket

Included with the 2L FireIce Shield Canister

FireIce Shield 32oz Bottle

SKU: FI-SS-32

Shield is ideal for use on metal pipes as a barrier to heat transfer, especially for valves, seals, and between contact points. Additionally, it effectively prevents discoloration and distortion of lightweight metals, and protects closely soldered parts. Shield also protects surfaces like wood, sheetrock, wires, insulation, and painted or finished surfaces including painted metal, plastic, cloth, and vinyl from direct and radiant heat.

FireIce Shield 32oz Bottle (Case of 12)

SKU: FI-SS-32C

Shield protection right where you need it, when you need it, conveniently packaged in a case of 12 of our popular 32 oz. bottles. Perfect for a tool belt or work box, Shield is well suited for use in plumbing, soldering, pipe fitting, automotive, welding and brazing.

Firefighting is a dangerous and hazardous activity that should only be done by trained professionals. FireIce Solutions, LLC disclaims any responsibility for any unauthorized actions resulting in injury or death due to the use of a FireIce® product or FireIce® equipment. Firefighters, police, and other first responders should only use FireIce® after being trained in its proper use. Failure to do so could lead to serious injury or death.

FireIce Solutions is the Exclusive Distributor of FireIce® for U.S. Fire Departments, Police Departments and Emergency Medical Services
