Put the force of Firelce® to work with our Introductory Hose Kit Pack
Retrofit three fire extinguishers for the price of one

Firelce® is a proprietary, next-generation fire suppression agent that acts as a force multiplier by greatly enhancing the capability of water. When mixed with water, Firelce helps break the fire triangle by creating a dense oxygen barrier and supercharges the cooling effect. Firelce® is a diverse product that can be used to combat fire, protect people and property from exposure, and as a direct suppressant for vehicle, structural and brush fires.

Complete this form and we will send you 3 Hose Kits PLUS six refills so you can see how Firelce® can work for you.

- Force Multiplier:** More than 5 times the knockdown power of water or foam
- Eco-Friendly:** Non-toxic to the environment and non-corrosive to equipment
- Easy Clean-Up:** Rinses clean with water; leaves no residue
- Long Shelf-Life:** Stored properly, Firelce® powder will last 15 years
